

Indiana Dunes National Lakeshore Artist-in-Residence Program Application

Indiana Dunes National Lakeshore is seeking artists for the Artist-in-Residence program. The park is located in Northwest Indiana on Lake Michigan's southern shores. This partnership with Chesterton Art Center provides the artist and the general public an opportunity for experiencing one of the nation's most ecologically diverse parks.

The program will offer a two week residency in June, July, August, or September to three visual artists this year. A panel of working artists and national lakeshore staff review all applications and will select the artist for residency.
